### **Abstract**

This study aimed at identifying students' attitudes toward Quranic studies at Tabuk Teachers' College. For this purpose to be achieved, a questionnaire of 32 items was prepared covering three main areas namely; 1- students' interest in Quranic studies, 2- Quranic studies status, 3- society respect to Quranic studies. The study sample included 151 students from Tabuk Teachers' College, KSA. The findings of the study revealed that there was a strong positive attitude toward Quranic Studies. No significant differences are found related to students' attitudes and their GPA (general point average), major, and study level.
