**Dr. Hind Sahlool\***

### **Abstract**

To know the characteristics of the Prophetic speech, we must know its nature and reality.

The Prophetic speech is a didactic speech that combines education, persuasion and amusement. It aims to send a message. The Prophet (Peace be Upon Him) has taken all the means to achieve this aim in different ways. Some of them were direct and others were (inspirational) indirect. The research aims at knowing the features of the indirect inspiration style which are:

Inspiration with utterance

Inspiration with phrase

Inspiration with image

This research clarifies the means of the inspiration style such as; question and answer, mystery and exposure. By this, the purpose of the speech is fulfilled, and this is manifested in the excitement the speech creates to make the audience understand, to enthuse and stir their feelings.
