

## **Trends and Methods of Measurement**

**Dr. Husein Saddeek\***

### **Abstract**

Trends are closely related to human life and ideas and values, culture and human behavior and trends for each of the issues, the political, social, economic, psychological and behavioral tendencies, and this came after the stages of the socialization process and the specific conditions experienced by Man and after the past experience and the nature of the society in which they arise and other factors that contribute to trends in the composition of individuals.
