

## Parameters of Hermeneutics

**Dr. Ezzat Assaeyd Ahmad<sup>(\*)</sup>**

### Abstract

Perhaps no one opposes hermeneutics per se, and no one denies its significance; but many object to the degrees and levels of hermeneutics: its places and its practices.

We will search one of the main problems of hermeneutics. The parameters of hermeneutics.

This means the levels of hermeneutics' process which change the concept of hermeneutics in every degree of hermeneutics' process. There are five parameters return to origin or root, going beyond apparent meaning, going the into inner meaning, making the text a spring of significations, and the and finally going to what the text can and cannot say.

Key words: Hermeneutics, Exegesis, terms, understanding, text, content, inside, problem, language.
