Tel: 00963-11-6348472

Mobile: 00963-988206002

Email: wsaeed56@hotmail.com

Personal information:

Date of Birth: 1/9/1987

Marital status: married

Military service: exempt

Education:

2018 PhD in Renewable Energies -Fuel Cell Vehicle- in Damascus University (Excellence 90%).

2014 Master degree in Renewable Energies -Fuel Cell Technology- from Damascus University (Excellence 90.75%).

2009 Bachelor degree in Electrical engineering – Power department – Renewable energy specialist - from Damascus University (First Graduated - 75.72%).

Academic Experience:

February 2019: Damascus University –Electrical and Mechanical Engineering College- Power Department:

I am working as lecturer and my main duties are as follow:

- Giving theoretical lectures in Photovoltaic Systems, Renewable Energies, Energy Storage and Energy Management for 5th and 4th academic years' students.
- Participating in writing Exams and correcting its paper.
- Participating with renewable energy projects as representative for Damascus University>

May2011: Damascus University –Electrical and Mechanical Engineering College- Power Department:

Because of being the first graduated I am a member of teaching staff and I was working as teacher assistant and my main duties are as follow:

- Giving theoretical lectures in Photovoltaic Systems, Renewable Energies, and Distributed Generation for 5th and 4th academic years' students.
- Explaining and clearing electrical experiments in laboratories with the following fields:

Electrical machines design, Automated control, MATLAB programming (Modeling and Simulation), Photovoltaic, and Power Electronics, for 5th, 4th, and 3rd academic years.
- Supervising students during experiments in the laboratory.
- Participating in writing Exams and correcting its paper.

Professional Experience:

November 2014: Al Mouasat Charity Hospital –Engineering Department (Partial Time):

I am working as Head of Engineering Department my main duties are as follow:

- Supervising the maintenance department (electrical- mechanical- medical gases- water- furniture).
- Planning and doing electrical projects and modifications.
- Supervising the expanding projects.
- Supervising the IT department.
- Providing technical data of medical devices.
- Doing economical comparison between technical alternatives.
- Contacting with suppliers as head of buying committee.

July 2009: Puzant Yacoubian&Sons ' PYS' – Uninterruptible Power Supply 'MGE UPS' and 'ORTEA STABILIZER' Department (Full Time):

I was working till May 2011 as maintenance & installation engineer and my main duties were as follow:

- Install units for customers depending on their desire and electrical rules dealing.
- Doing regular checks on sites according to dealing contracts.
- Responding to emergency maintenance with high performance.

- Managing electrical studies for necessary procedures before working.
- Promoting the new services especially the company offers, and achieving the highest level of quality Service.

July 2008: Electrical Distribution Company 'EDCO' (Amman-Jordan) Studying & Operation Department (full time):

I was working till September 2008 as co-engineer and my main duties were as follow:

- Studying power flow through the grid.
- Studying faults on distributed network.
- Following up customers' needs & demands.

Technical Skills:

- PLC - programming
- C++ programmer
- Working with MATLAB program (modeling +programming)
- MS Office programs

Related Courses:

Course Title	The Center	Location	Year	Duration
PLC - Programmable Logic Controller	SSC- specialist sciences center	Damascus	2007	1 month
Comptia A+	New Horizons	Damascus	2010	2 months
Comptia Network+	New Horizons	Damascus	2010	2 months
English Courses	British Council	Damascus	2010	6 months
German Courses	Goethe institution	Damascus	2010	6 months
Scientific Research	Damascus University	Damascus	2013	1 intensive week

Methods				
---------	--	--	--	--

Membership positions:

- The International Association for the Exchange of Students for Technical Experience ' I.A.E.S.T.E '
- The engineers league
- The teachers league

Languages:

- Arabic as mother tongue.
- English as second language I have learnt it since fifth grade till graduation, and I have got IELTS academic certificate with band 7 in January 2011.
- German as third language in Goethe institute I have finished the fifth level B1.1.

Objectives:

- Completing my studies till get a PhD in my study field.
- Find a suitable position where I can settle down and apply my skills & qualifications.
- Establish professional relationships with clients to enhance my knowledge, skills and attitudes in legal and management aspects of companies in the international settings.
