### **Abstract**

"Al Ashbah Wal Naza'ir" Book (Resemblances and Sameness) By Imam Taj Eldin Al Sobki is one of most significant works in this field, as it was the first verified work addressing fiqh ramifications with that designation.

The present study sought to identify Imam Al Sobki. His definition to "Al Ashbah Wal Naza'ir" (Resemblances and Sameness), his methodology in addressing such topics, major argumentations, and scholarly attitudes appeared as he deals with such topics.

The study concluded that Imam Al Sobki was intensely concerned with fiqh rules and controls, That had major part of the book. Further he only added such disciplines, which were most interested in compiling fiqh issues revolving around one legislative theme, such as devising ramifications based on fiqh and theological origins, and to identify controversial subject among the Imams.
